

2011 Marymount Flag Football League:

Congrats on entering a team in 2011 campaign for the MFFL Championship. We are excited to have you and glad that you have chosen to be your team's representative. As your teams rep there are a few requirements of you before your team can play:

1. You must have a completed roster turned into the intramural director by October 31.
2. Each participant must be a current Marymount Student and have signed a Marymount University Liability waiver before they are allowed to participate. It is your responsibility as representative of your team to obtain the forms from the director and return them completed by October 31.
3. Each team must produce a player that is willing to officiate either the game prior to or after their game. This is need for each week of competition. The games cannot be held without at least two officials and having the opposing teams each produce a representative should make the officiating even.
4. You are responsible for organizing your team each week of the league regardless of your win/loss record. Failure to show up will cause a forfeit. Having more than one forfeit for lack of players will cause your team to lose eligibility in the league this year and the following.

Remember this is a league built on having fun and enjoying competition through good sportsmanship. Thank you for your time and commitment. See you on the field.
