Welcome to Starfish®.

Starfish gives you a convenient way to keep track of your students – raising flags when you observe a pattern of behavior that concerns you, ensuring that the people on campus who can intervene are aware. It also allows your students to easily book an appointment with you or someone else who can help.

Getting started is easy. Starfish can be accessed by visiting: http://bb.marymount.edu/ or through the Marymount Portal by clicking on the Open My Blackboard link. Once you have signed into Blackboard you would click on the Starfish tab on the top menu bar. Starfish will automatically display all students that have been assigned to you or are enrolled in your courses. From there, you can begin raising flags about students, review flags that have been raised about your students, and provide additional information.

That’s it. Simple for you. Empowering for your students.

>> Raise a Flag

When you have a concern with a particular student, raise a flag to communicate your observations.

1. Click on the Students navigation item to see all of your students.
2. Find the student you want to raise a flag for – by searching for their name or paging through the students. Click on the student’s name to bring up the student’s folder. Note: Anywhere you see a student’s name as a link it will take you to his or her folder.
3. When you click on the Raise Flag button, a list of flags that can be raised and viewed by you is displayed.
4. Select the appropriate flag, enter comments and click the Save button.
5. The appropriate individuals will be automatically notified.
>> Flag Surveys

Manual flags can also be raised by submitting a flag survey. You will receive an email reminder when there is a new survey for you to complete.

1. Click on the Students navigation item and then choose the Flag Surveys tab.
2. Check the boxes to raise concerns about certain students.
3. Click Submit when you are finished to raise the selected flags.

Note: You may be asked to submit more than one survey. They will be listed in a drop-down menu on the Flag Surveys tab.

>> Setup Your First Office Hours Block

2. Specify the start and end time for the day(s).
