

Assessment and Program Review Reporting Schedule

AR= Assessment report. Program-level student learning assessment reports are due on the Sep. 30 following the academic year assessed. For example, the report for 2017-2018 is due Sep. 30, 2018.

AR 2YR= Assessment report, two-year cycle. Programs with a track record of well-developed assessment practices may apply to move to a two-year reporting cycle. See assessment website for details.

PR= Program review. See program review guidelines for reporting deadlines. No assessment report is expected of the program review year, so there is no report due in Sep. following the program review.
