

DUAL DEGREE APPLICATION

A student who elects to pursue dual degrees must complete at least 120 hours for the first degree, an additional minimum of 36 hours at Marymount for the second degree, and required coursework for each degree. A student who is pursuing a dual degree is required to successfully complete at least one internship. The replacement course for the second internship should be a 300- or 400-level course in one of the student's disciplines. If a 300- or 400-level elective course is not available, then a course in a related discipline can be substituted. A school meeting to discuss in which major to complete the internship is suggested early in the student's academic planning. Approval for the substitution should be made by the chair and the associate dean in the related discipline.
