MARYMOUNT

UNIVERSITY

OUR VISION

In the belief that All May Have Life, the Division of Student Affairs, in collaboration with our campus partners, supports the development of the mind, body and spirit of all students by creating intentional, inclusive, engaging and enlivened learning environments and programs designed to:

- ◆ prepare students to be active and engaged leaders in their professional and civic endeavors who value service and the promotion of justice;
- ◆ empower students to take personal responsibility for their actions and challenge each other to create a safe, healthy, and supportive intercultural community;
- ◆ strengthen student connections to each other, the University, local and global communities;
- ◆ promote the values of the Religious of the Sacred Heart of Mary and the overall Catholic identity of the University; and
- ◆ advance the recruitment and retention efforts of the University.

LEARNING OUTCOMES

The Division of Student Affairs Learning Outcomes are assessed within the context of five broad learning domains – Values, Wellness, Cultural Awareness, Critical Thinking, and Spirituality.

Students who engage in programs, activities and services sponsored by the Division of Student Affairs at Marymount University will...

- ◆ define their personal values, demonstrate responsibility in decision-making, and evaluate the impact their actions have on others;
- ◆ build healthy relationships and identify strategies for living productive and purposeful lives;
- ◆ demonstrate an understanding of, and appreciation for, cultural and human differences that challenge assumptions and transform thinking;
- ◆ integrate and apply knowledge gained across curricular and co-curricular experiences in order to advance academic, personal and career growth; and
- ◆ demonstrate an understanding of their own and others' faith and sense of purpose through an exploration of the charism of the Religious of the Sacred Heart of Mary.
